Prayer

Where the mind is without fear and the head is held high
Where knowledge is free
Where the world has not been broken up into fragments
By narrow domestic walls
Where words come out from the depth of truth
Where tireless striving stretches its arms towards perfection
Where the clear stream of reason has not lost its way
Into the dreary desert sand of dead habit
Where the mind is led forward by thee
Into ever-widening thought and action
Into that heaven of freedom, my Father, let my country awake

Rabindranath Tagore

Introduction

Mahatma Gandhi Memorial College, Udupi, founded in the year 1949 by Dr. Tonse Madhava Ananth Pai, was his dreamchild, visualised to bring education to the doors of the youth of Udupi and its neighbouring towns. Until then, there were only two colleges in the then Dakshina Kannada District and both were situated in Mangalore. Dr. Pai could inspire a band of enlightened citizens of Udupi to work towards founding the college in this town. The Project was termed then as the wildest of dreams. Dr. Pai faced many obstacles, and at one stage he had to even return the donations he had collected for the establishment of the college. But Dr. Pai, a man of grit that he was, did not forsake his dream of establishing the college. With sheer perseverence, he could mobilise public opinion in favour of the college and inspire and attract donors for this noble cause, irrespective of how much or how little they could contribute. Dr. Pai then had the task of bending the will of the much reluctant authorities of the Government and the University of Madras. With great effort, he secured the permission to found the college in the practically rural environs of Udupi. Dr. Pai's perseverance in this regard was equal to the legendary perseverance of Bhagiratha who brought the heavenly waters of the Ganga down to the earth. Dr. Pai still had another hurdle in his path. The University and the concerned authorities, in accordance with the prejudices of the time refused to grant permission to admit lady students and the famous 'Shantha versus University of Madras' case was fought on the basis of equality of rights ensured by the Constitution of India. The matter, then in the court of Governor, Sri Prakash, was settled in favour of girls with the timely intervention of Smt. Indira Gandhi who was not yet a prominent political figure, but only Jawaharlal Nehru's daughter.

Things did not move very fast, public opinion was slow to change and it was an uphill task. However, once Dr. Pai sincerely set out on his mission he got tremendous and overwhelming support from all concerned. The Swamijis of the Ashtamatas of Udupi blessed the project. The public of Udupi willingly and freely offered shramadhan to raise the building on the site at Sagri where the college now stands. When the building was ready, in 1952, the college which was initially housed in an Elementary school was shifted to the present campus. A dedicated band of eminent citizens of Udupi stood by Dr. Pai and the dream of setting up a college became a reality.

That was seven decades ago. Since then the college has witnessed phenomenal growth and expansion. It is a premier Institution sponsored by the Academy of General Education, Manipal and a pathbreaker to the citizens of many other towns who saw in Dr. Pai, a mentor and guide to help them in

similar ventures. The era of higher education in the district also ushered in an economic revolution.

The College celebrated its Silver Jubilee, Golden Jubilee and the Diamond Jubilee. Now we are celebrating Platinum Jubilee Amrutha mahothsava. We can recall with pride the milestones in the path of the development of the College, including the inauguration of Madhava Raksha, the magnificent new Administrative Block by Dr. Murali Manohar Joshi, (Ex-Hon'ble Minister for Human Resources Development) on the occasion of inaugurating the Birth Centenary Celebrations of our founder Dr. TMA Pai. The College is the first higher educational institution founded by Dr. T.M.A. Pai under the Academy of General Education, Manipal.

The College is a premier institution with its dynamic faculty known for their scholarship and academic excellence. It also has a dedicated band of non-teaching staff who look into the diverse administrative tasks of the College. The College has carved a niche for itself in these seventy five years of its existence.

The College began functioning with stalwarts and pioneers in the field of education like Prof. H. Sunder Rao, Prof. K.S. Haridas Bhat, who firmly established a tradition of academic and cultural activities in the campus, which was ably carried on by Prof. K Ramdas, Prof. K.K. Easwaran, Prof. K. Rama Bhat, Dr. Alwyn D'Souza, Prof. K Shreesha Acharya, Prof. P.N. Narasimhamurthy, Prof. S. Daniel, Prof. Dr. Gopalan Puthuseri, Prof. Ganapathi Bhat, Prof. M.L. Samaga, Prof. Dr. Jayaprakash Mavinakuli, Dr. P. Venkatramana Gowda, Dr. N. Hala Naik, Mrs. Kusuma Kamath, Dr. Sandhya R. Nambiar, Dr. M.G. Vijaya, Dr. Devidas S. Naik and Prof. Laximanarayana Karanth.

The College has a state of the art library (Granthaloka) which has a rare collection of books. A Library with more than one lakh volumes, innumerable journals and periodicals which could do credit even to a University, a roll of honour with names of rank holders entered every year. The College has a centre for Gandhian studies which conducts research and organizes workshops and seminars on Gandhian thought. The College provides a forum for many cultural organizations like the Rashtrakavi Govinda Pai Samshodhana Kendra, the Regional Resources Centre for Folk Performing Arts and Yakshagana Kendra to hold the mega events which provide a rare opportunity for the students and teachers of the college to extend the horizon of their knowledge. Cultural activities like Muddana Sahityotsava and Tulu Aisiri take place every year, various activities like Inter stream Fest-Spectrum organized by the students have brought to MGM

College the status of an eminent educational institution. The Management caters to all the academic requirements of the students. The College offers a post graduation course in Computer Science to impart higher education to the aspiring students. Every year several students get placement in reputed companies which come to the campus for recruitment. Career Oriented Add-on courses enable the students to acquire additional skills and have an edge over the others. The College also strives for the all round personality development of the students, by giving emphasis not only to academics but also Co- curricular and extra curricular activities.

The academically oriented and well accomplished staff of the college have earned a reputation for their unstinted devotion to work. Presently the college has twelve teachers with Ph.D. degree and nine with M.Phil degree. Many members of the faculty are involved in research work for their doctoral degree from different Universities in their respective fields of study. A few members are recognised as Ph.D. guides to different Universities.

A number of students represent the College at the State and National levels in extracurricular and co-curricular activities. The NCC (Army & Navy wing) the NSS, Rangers, Rovers, Youth Red Cross and other cultural clubs are functioning efficiently. The College offers value added education and sensitises the students to the local customs and rich cultural heritage. The College has a visionary and supportive Management Committee.

The College Trust has been the most enlightened one and spares no effort to take the college to its pinnacle. Sri T. Sathish U. Pai, President of both the Governing Council and the College Trust has taken on the responsibility of spearheading the various activities of the College. He continues the heritage of Dr. T.M.A. Pai of liberally sanctioning worthwhile projects to the College, intended to improve the amenities for the students and the staff.

Presently Mahatma Gandhi Memorial College is headed by Prof. Laxminarayana Karanth, under his able guidance, zeal and dedication, the College is scaling greater heights with a team of dedicated teachers. The College is celebrating 'Amrutha Mahotsava' to commemorate 75 years of its glorious existence.

MAHATMA GANDHI SPEAKS TO YOU:

ON MORALITY AND FAITH

- Without courage there is no morality, no religion, no life.
- Courage, endurance, fearlessness and above all self-sacrifice are the qualities for our leaders.
- Humanity is the key to quick success.
- True morality consists, not in following the beaten track, but in finding out the path for ourselves and in fearlessly following it.
- A man without faith is like a drop thrown out of the ocean bound to perish.

Seven Social Sins according to Mahatma Gandhi

Politics without principles
Wealth without work
Commerce without morality
Education without character
Pleasure without conscience
Science without humanity
Worship without sacrifice.

ON RIGHTS AND DUTIES

- The true source of rights is duty. If we all discharge our duties right will not be far to seek.
- No man loses his freedom except through his own weakness.
- Man is the maker of his own destiny in the sense that he has freedom of choice as to the manner in which he uses his freedom.
- The golden rule of conduct is mutual tolerance, seeing that we will never all think alike and we shall always see truth in fragments and from different angles of vision.
- A born democrat is a born disciplinarian.

ON EDUCATION

- Satisfaction lies in effort, not in attainment.
- Real education consists in drawing the best out of yourself.
- What better book can there be than the book of humanity?
- By education I mean an all round drawing out of the best in child and man of body, mind and spirit.
- I value education in the different sciences. Our children cannot have too much of Chemistry and Physics.
- There is no one without fault, not even men of God. They are men of God not because they are faultless, because they know their own faults, they strive against them, they do not hide them and are ever ready to correct themselves.
- Confession of an error is like a broom that sweeps away dirt and leaves the surface cleaner than before.
- Nature has so made us that we do not see our backs, it is reserved for others to see them. Hence it is wise to profit by what they see.
- One should think before speaking and never waste a single word.
- Whatever you do, be true to yourself and to the World. Hide not your thoughts. If it is shameful to reveal them, it is more shameful to think of hiding them.
- As a splendid place deserted by its inmates looks a ruin, so does a man without character, all his material well-being notwithstanding.
- The end of all knowledge must be building up of character.
